PROJECTS

Sales Insights

Brick & motor business [Power BI | SQL]

- Designed a **Power BI** dashboard to understand AtliQ hardware goods sales trend.
- The final dashboard was effective at displaying the **sales trend** of AtliQ hardware, allowing users to understand the data and make informed decisions.
- This dashboard could help in **increasing the revenue** at least by **7%** in the next quarter

Supply chain data analytics

FMCG domain [Power BI | Excel]

- Built a **Power BI** dashboard covering different **KPIs** (on-time delivery (OT) %, in-full delivery (IF) %, and on-time in full (OTIF) %) to track service levels of business at AtliQ Mart, a **FMCG** manufacturer. The dashboard allowed AtliQ Mart to identify and address issues with key customers before expanding their business.
- This Analysis can potentially save **20%** of their **investment** to the expansion

HR Data analytics

HR Domain [Power BI | Excel]

- Designed a **Power BI dashboard** to track employee data for the HR team, including working hours, attendance, performance, and leaves.
- The dashboard streamlined **HR processes** and **increased efficiency**.
- This Dashboard can save **3-4hrs** of work for the HR daily.
